

ThermaDog-TH1.1

Real-Time Environment Monitoring and Alert system for protective farming

- 1 Do you want to avoid spoilage of your crops due to human error or failure of temperature or humidity control equipment in polyhouses or indoor farm?
- 2 Do you want Data-driven temperature and humidity control in your polyhouse or indoor farm in order to minimize energy consumption and maximize yield?
- 3 Do you want to have peace of mind with the ability to remotely monitor the condition of your crops from anywhere in the world in real-time?

ThermaDog meets all of these needs. It is a robust device for monitoring **temperature, humidity** and any other parameter you need to ensure the safety and quality of your crops during protective farming.

★ KEY FEATURES

Alerts on Delivery Deviations

Get instant alerts via email, app and SMS for any deviations in Environmental conditions.

Real-time Tracking

ThermaDog tracks crops' temperature, and humidity and can send periodic data as frequently as one minute.

Access Data Anytime

Access historic data in tamperproof pdf format (compliant with FDA's 21 CFR Part 11) and graphical formats from the app.

Easy Installation

ThermaDog is a portable, battery-powered device, making installation very easy.

Additionally, know **instantly** when doors open, securing your crops anytime.

Built by the finest engineers from IITs and NITs in our award-winning startup.

Secure **API integration** for device data transfer to your software.

Unlimited warranty, prompt support

Customized features & simplified UI

Flexible pricing: Pay per use

Sensor calibration certification from NABL accredited laboratory can be provided.

TECHNICAL SPECIFICATIONS

| | |
|------------------------|---|
| Temperature Sensing | -20°C to +70 °C , +/-0.3 °C |
| Humidity Sensing | 0 to 100 %RH , +/-3.0 %RH |
| Dimensions (L x W x H) | 155 x 135 x 46 mm |
| Weight | 300g |
| Battery life | 15 days at 25 deg C when data interval is configured to be 15 mins. |

INTECOG is your Trusted Partner for all your Asset condition monitoring needs. Don't let your goods go to waste. Sleep peacefully while **ThermaDog** guards your assets.
